It is with great pleasure that I write this reference letter to Selome of Baroque Interiors and Event plc.

Baroque interior and event PLC acted as our interior Designer providing guidance on all our interior décor matters relating to a very extensive renovation/ remodeling we undertook to our B2+8 story Headquarter. She provided invaluable guidance with regard to partitioning, space allocting, color schemes, furniture selection, flooring and tilling, painting, lighting and accessories. Her service included the travel for furniture purchase, supervision of the remodeling and furniture setup.

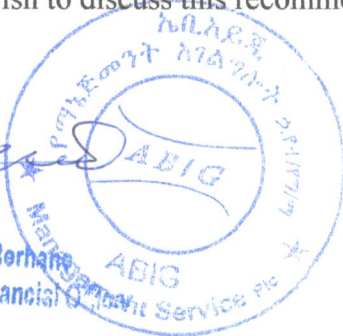

Although the budget was substantial, she always looked for good value when making product recommendations. Furthermore while she has unique opinion with regard to all décor related issues, listens to the client and works hard to understand the needs of the client.

In summary we would strongly recommend Selome to handle all your interior - exterior décor project.

Should you wish to discuss this recommendation in more detail please contact us.

Letter of Recommendation

It is with great pleasure that I write this letter of recommendation for Mrs. Salome Dagnachew of Baroque Interiors. Mrs. Salome acted as our Interior Designer providing guidance on our hotel design matters relating to our Lobby and restaurant, bar and indoor green area as well as our swimming pool and a very extensive hotel building we undertook during 2012. She provided invaluable guidance in regard to space planning, furniture selection, lighting and accessories. Her design also involved a complete spa and gym design of the interior.

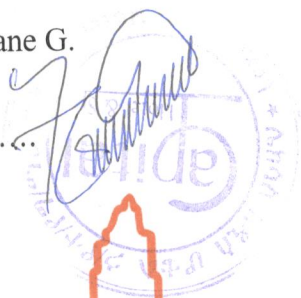

We are ecstatic about the results Baroque achieved. It is a true testament to Salome and her team talent that our guests who visit our hotel are in awe of the design and setup. It was a pleasure to work with Salome. While she has definite opinions in regard to all décor related issues she listens to the client.

We would characterize our hotel design as a "high end" project. A substantial investment was committed to the design and décor package. She was very professional and we always felt that we were getting good value for her consulting fees.

In summary we would strongly recommend Mrs. Salome (Baroque Interiors) to handle your interior design project. Should you wish to discuss this recommendation in more details please contact the undersigned.

To Whom It May Concern

It is with great pleasure that we write this testimonial for Baroque Interiors and Events of Salome Dagnachew. Salome is an exceptional interior designer who is passionate and extremely knowledgeable about her work. Salome's brilliant design and creativity for our Main Office at Wollo Sefer, Civil Service Building, 1st floor far exceeded our expectations! Because we were so thrilled and get a feedback from our clients who visited us, we asked Salome to design our Langano Reservation office down stairs in the same building as well as our Engineers office at the Jambo Building.

Her projects consisted of choosing new wall colors, carpets, tiles, window treatments, new pieces of office furniture and much more. We continue to get high praise for Salome from our clients and others who visit our office. We appreciate the warm and inviting ambiance she created.

Her quick and efficient manner of supervision throughout this project was commendable. Her attention to detail is evident in every facet of the project. I highly recommend Baroque Interiors owned by Salome Dagnachew.

RE: Recommendation Letter to Baroque Interiors & Events

Our organization, Flawless International Business, Plc, under its trade name Flawless Events, organizes conferences and corporate events for local and international clients.

In March 2014, our company decided to expand into a bigger office space to accommodate its growing staff and organisational capacity. In its process of deciding the type of space to rent and how to make the space a reflection of our company's name and objectives, we approached Salome Dagnachew of Baroque Interiors and Events. We had seen her work through the office she had done for Access Real Estate, which had left a lasting impression.

Salome did a site visit of the office we wished to rent and, understanding the small window for decision making we had, gave us a preliminary design to help us visualise what the space could possibly be turned into.

Once we signed the new lease, Salome and her team finalised the design of our new office space within 10 days giving us 3D renditions, measurements and bill of quantity to allow us to move into demolition and construction! Her team remained in constant communication and were always available to help.

We appreciated their honest approach, pro-active advises, constant follow up, and fast turn around. The design completely captured the essence of our company and has given a space where we can comfortably welcome both local and international clients and work long hours!

Baroque has given us a space we can call our own for many years to come and are forever grateful!

We recommend their services without any reservation and are happy to answer any questions you may have.

Best,

TO WHOM IT MAY CONCERN

Mrs. Salome of Baroque Interiors and Events is an interior designer who worked with us for almost two months guiding us in the setting up of our new office. She spent a good deal of time getting to understand our taste and the style that we envisaged for our new office. Mrs. Salome handled all the usual things you would expect of an interior designer and even went further and gave to us much more support than just an interior designer would do. In addition, Mrs. Salome assisted us by designing the sofa for our staff lounge and handmade carpet with our logo. She also provided color schemes that were necessary to create a soft and warm working atmosphere. We are more than satisfied with the services she rendered to us. Mrs. Salome has an amazing personality and interacts extremely well with individuals at all levels.

We extend our most enthusiastic recommendation, without hesitation, to whoever wants to use the services of Mrs. Salome and her organization. Please feel free to contact us for any additional information.
